

FRONT ELEVATION

INTERMEDIATE ELEMENT

Dimensions and Components:

- Members:**
 - I-1: Angle 100/100/12, $L = 2496$
 - I-2: Plate outside 480/430/10
 - I-3: PART NO I-3
 - I-4: Plate 320/220/10
 - I-5: Plate inside 280/70/8
 - I-6: Plate 280/100/8
 - I-7: Angle 50/30/6, $L = 575$
 - I-9: Friction grip Bolt + Nut + Washer
 - I-10: Friction grip Bolt + Nut + Washer
 - I-11, I-12, I-13, I-14: Various plates and bolts
- Dimensions:**
 - Overall width: 4000
 - Overall height: 2496
 - Vertical spacing: 208
 - Horizontal spacing: 450
 - Member lengths: 2357, 1997, 2000, 1248, 35, 67, 96, 320, 525, 575, 23, 416, 25, 32, 102, 71, 102, 32, 35, 32
- Connections:**
 - Friction grip Bolt + Nut + Washer
 - Plate 320/220/10
 - Plate 480/430/10
 - Plate 280/70/8
 - Plate 280/100/8

Technical drawing of a rectangular frame, likely a window or door frame, showing dimensions in millimeters. The drawing includes a central section and two side sections, each with a corner detail.

Dimensions (mm):

- Overall width: 4450
- Overall height: 770
- Central section width: 1615
- Central section height: 750
- Side section width: 450
- Side section height: 750
- Corner detail width: 320
- Corner detail height: 10
